Mr. Bernard Gaudry
Applied Dynamics Corporation
Butternut Street
I-91 Industrial Park
Greenfield, MA 01301

Dear Bernie,

I would like to thank you and the individuals that were involved in the rebuilding of our one-hundred horsepower motor that serves our compressed air system. Your prompt service and expertise in the matter enabled us to avoid production downtime at our manufacturing plant. Millipore Corporation would like to thank all the people that were involved for meeting such an aggressive project schedule and providing such quality workmanship.

I would highly recommend Applied Dynamics Corporation to any and all perspective clients.

Sincerely,

Bob DeMinico
Facilities Supervisor
Millipore Corporation
